

[illegible]

A schematic diagram of a rectangular device. The overall width is labeled C and the overall height is labeled D . The device features a blue outer frame and a white inner frame. Two horizontal gray cylindrical components are positioned within the frame, one near the top and one near the bottom. A dashed horizontal line runs through the center of the device. A vertical dimension line on the right side, spanning the distance between the two gray components, is labeled F_w .
